

ATOM GRIP +

The Atom Grip + is a single point, tilt & swivel flying adapter which can be mounted to all Rigtec Air Frames and other third-party rental frames. Featuring an updated safe working load of 245kg, this Atom Grip is designed for use with larger projectors like the Barco UDX series.

The Atom Grip + offers a simple solution for single point projector hanging, with captive fixings it can be easily attached to a projector rental frame. Adjustments can be achieved via the ratchet handle, moving the handle to the right loosens the mechanism to allow 25° tilt and 360° rotation. Moving the handle back to the right locks the adjustments in position.

Specification

Part Number:	AGA01-L
Flying Weight:	4.3kg
SWL:	245kg
Material:	Aluminium
Adjustment:	25° tilt & 360° rotation
Tube Diameter:	Ø48-51mm
Bolt Size:	4 x M8 / 4 x M6
